

# LITTLE BIG SHOTS

## THE HUMMINGBIRD

In the WILD world who are the **BIG SHOTS**? The eagle. The bear. The whale. The elephant. They are big and awesome and powerful.

But if you think a little (or a lot) smaller, how about the **LITTLE BIG SHOTS** like the **HUMMINGBIRD**?

This tiny critter has **SUPER POWERS** too!

I CAN HOVER, FLY UP,  
DOWN, SIDWAYS,  
BACKWARDS and  
UPSIDE DOWN!

**LIKE A HELICOPTER!**

I CAN CHANGE  
THE COLOR OF  
MY FEATHERS  
WHEN I FLY.

I FLY 30 MPH &  
DIVE 50 MPH.  
I AM SO FAST!  
AND SMART!  
AND  
FEARLESS!

I HEAR  
BETTER  
THAN  
YOU.

I CAN'T  
SMELL A  
THING.

I MOVE MY  
TONGUE 13 TIMES  
PER SECOND TO  
DRINK.  
CAN YOU?
