Together we can SAVE THEM ALL!

A Mom with a Heart Big Enough for Four

Sometimes the sweetest matches happen completely by chance.

This beautiful gray mama came to A-PAL and the very next day gave birth to three gorgeous black kittens. Then along came a tiny little stray white kitten. With no bottle fosters available, we decided to introduce this little orphan to mama and her three babies and she immediately accepted it.

She did not hesitate. She didn't care that it looked completely different from her own kittens. And now this mama has FOUR babies to love.

Her own kittens are sleek, round and thriving and that little white baby is right there with them. But we have to admit, we don't want to say Mama has a favorite, but she does carry the little white kitten around with her everywhere.

She has completely embraced her unexpected addition, proving once again that motherhood isn't always about who you gave birth to, it's about who you choose to love.

This mama deserves all the awards.

Crystal and Casey

Crystal and Casey were found dying in the park. Their eyes were crusted shut and they had little chance for survival. A kind person brought them to us for care and even though we were very full, we never say no to the high risk kittens. YOUR support allows us to say yes to these babies.

These beautiful girls went into foster care where their eyes were treated with antibiotic ointment several times a day and they were also given oral antibiotics and antiviral medications as well. We were able to save them, but both needed eye surgery.

This is where your donations are vital to their welfare. Crystal had one eye removed and 3 surgeries on the other eye to remove the third eyelid. Casey had one surgery to remove the third eyelid from her eye. Miraculously with the great help of Dr. Bob Yack and the care of Jen and the staff of Jackson Creek Vet Clinic, these girls survived and are ready for their forever home. Both kittens are incredibly sweet and affectionate. Could you be their forever family?

Tyson's Furever Home

Our 3-legged feral kitten, Tyson, has made a remarkable recovery and we are so happy to report that he has a family that adores him. Your support makes little miracles like this possible.

All A-PAL kittens and cats are spayed/neutered, microchipped and current on vaccinations.
Cats and kittens are available at the Paws Partners Center, 12360 Trade Center Drive in Jackson. We are open Monday through Saturday 9am to 4:30pm. Come adopt your new furry family member!
